October 2011 Lunch Meeting Thursday, October 20th *"Training- Tips and Techniques"*

Today's EHS professional is called upon to fill many roles, one of which may be developing and presenting safety and health training. Is the training that you are providing effective? Are you reaching your audience? Are they understanding and retaining what they've been taught?

The Philadelphia Chapter ASSE's October lunch meeting is geared toward anyone who must perform any kind of training presentations, from "Tool Box Talks" to day-long and multi-day classes. We will examine personal presentation techniques, methods of presenting material, and some tips and techniques on comfortably delivering a memorable training program which educates your audience.

Our presenter is John Connolly, CAE, Safety Professional for the Sheet Metal Contractors' Association of Philadelphia and Vicinity (and a Delegate for the Philadelphia Chapter ASSE).

This meeting will be held at Maggiano's in Cherry Hill, NJ
